don't lose access to your account!

Please verify your authentication email address below. Don't use your primary work or school email.

Authentication Email

email me

back

- 6) Get the verification code from the email account and enter in the verification field and then select the “Verify” button.

don't lose access to your account!

Please verify your authentication email address below. Don't use your primary work or school email.

Authentication Email

email me

We've sent an email message containing a verification code to your inbox.

Enter code email to your alternate email address

verify

back

You have now successfully registered one method to reset your password if you forget in the future.

Frequently Asked Questions about Registration

Your information is protected.

If you enter data for Authentication Phone or Authentication Email, it is not visible in the global directory. Only you can see the answers to your security questions.

You may need to reconfirm your information.

After a period of time, and to ensure you still have the appropriate methods registered, the Self-Service Password Reset system may require you to confirm your authentication methods.

You can reset your forgotten password here: <https://passwordreset.microsoftonline.com/> using one of the authentication methods registered previously.
